Please submit your Cue Sheets if you are using our music for Broadcast use - TV, Radio, Film, or Theatrical productions. [support@filmtv-tracks.com](mailto:support@filmtv-tracks.com)

Cue Sheets must be completed and returned to us within ten (10) days of your production air date if you are using our music in a broadcast medium. no additional fees is involved with this. Each cue sheet contains the appropriate composer and publisher information needed to be correctly processed by the Performing Rights Organizations, e.g. ASCAP, BMI, PRS, SACEM...etc. This is an industry standard process. It is illegal to broadcast our music and not report.

The filmtv-tracks.com music library is 100% royalty free music. The fee you pay for the downloads, CDs or DVDs you purchase is a "buyout" fee - i.e. you just pay once and use it forever.

Filmtv-tracks.com and its composers receive 'performance royalties' collected by the Performing Rights Organizations (e.g. ASCAP, BMI, SACEM, PRS) from broadcasters (e.g. TV and radio stations, networks, movie theatres) when our music is 'performed' / broadcasted.

It is only by submitting your Cue Sheets and subsequently collecting the 'performance royalties' due to us that we can continue to produce and offer you such high quality music at such amazingly affordable prices.

We thank you in advance.

All the best.
